Machine Weight	About 650 kg
Optional Devices	Lateral feed, straight feed
Film Material	Food-grade films, multiple types
Remarks	Not designed for cookie/biscuit packaging

APPLICATIONS

Citrus fruits

Oranges, lemons, limes, grapefruits and mandarins keep their rind unblemished through the cushioned transport system.

Tree fruits

Apples, pears, peaches and plums move through the soft feeding system without the bruising that leads to rapid browning.

Specialty produce

Kiwis, avocados, persimmons and mangoes get the precise pressure control needed to arrive without hidden internal damage.
